INDEPENDENT AUDITORS' REPORT

To the Board of Directors
The Association of the Bar of the City of New York

Report on the Financial Statements

Opinion

We have audited the financial statements of The Association of the Bar of the City of New York (the "Association"), which comprise the statements of financial position as of April 30, 2022 and 2021, and the related statements of activities, functional expenses and cash flows for each of the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Association of the Bar of the City of New York as of April 30, 2022 and 2021, and the changes in its net assets and its cash flows for each of the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Association and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The Association's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC provide professional services.

EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

THE ASSOCIATION OF THE BAR OF THE CITY OF NEW YORK

Notes to Financial Statements April 30, 2022 and 2021

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Organization:

The Association of the Bar of the City of New York (the "Association"), incorporated in 1871 in the State of New York, was established for the purposes of cultivating the science of jurisprudence, promoting reforms in the law, and facilitating and improving the administration of justice. The governing board of the Association is the Board of Directors, and the Association is exempt from federal income taxes under Section 501(c)(6) of the U.S. Internal Revenue Code and from state and local taxes under comparable laws.

The Association has an affiliated entity, the Association of the Bar of the City of New York Fund, Inc. (the "City Bar Fund"), which shares space and certain resources with the Association. Although the members of the Association's Board of Directors constitute the entire membership of the City Bar Fund, the Association does not have a substantial economic interest in, or control of, the City Bar Fund, and therefore, the two organizations' financial statements are not consolidated.

[2] Basis of accounting:

The financial statements have been prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") applicable to not-for-profit organizations.

[3] Use of estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, operating revenues and operating expenses, non-operating activities, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

[4] Cash and cash equivalents:

The Association's management considers all highly liquid investments, with a maturity of three months or less when purchased, to be cash equivalents, with the exception of those money-market funds held as short-term investments within the investment portfolio.

[5] Investments:

Investments in corporate stocks and mutual funds, consisting of equity and fixed income funds, are reported at their published fair values as of each fiscal year-end. Short-term investments consist of money market funds. The fair value of the limited liability company and international investment fund have been estimated based on the net asset value ("NAV") per share (or its equivalent unit) of each investment, as reported by the particular investment manager. Because of the complex management structure, the nature of the underlying investments and the inherent uncertainty of the valuation of the investments, the Association's management and its various investment managers monitor their positions to reduce the risk of potential losses due to changes in fair values or the failure of counterparties to perform on a routine basis. The Association's management reviews and evaluates the values provided by the related investment managers and believes that the investments are reported at a reasonable estimate of their fair value. Estimated values may differ significantly from the values that would have been used had a ready market for these instruments existed.

THE ASSOCIATION OF THE BAR OF THE CITY OF NEW YORK

Notes to Financial Statements April 30, 2022 and 2021

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[5] Investments: (continued)

The Association's investments, in general, are subject to various risks, such as interest-rate, market, and credit risks. Due to the level of risk associated with certain investment vehicles, it is at least reasonably possible that changes in the values of those securities could occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment transactions are recorded on a trade-date basis. Realized gains or losses on investments sold, and unrealized appreciation or depreciation on investments held, are reported in the statements of activities as increases or decreases in net assets without donor restrictions unless their use is restricted through donor stipulation. Realized gains or losses on investments are determined by comparison of the cost at time of acquisition to proceeds at the time of disposition. Distributions received from the limited liability company and international investment fund in excess of the Association's cumulative cost basis are recognized as realized gains. Unrealized gains or losses on investments are determined by comparing the investment's cost to the fair value at the end of each year. The earnings from dividends and interest are recognized when earned.

Investment expenses include the services of investment advisors. The balances of investment advisory fees disclosed in Note C are those specific fees charged by the Association's investment advisors in each year.

The Board of Directors designates only a portion of the Association's annual investment earnings for the support of current operations; the remainder is retained to support operations of future years and to offset potential market volatility. The annual amount designated to support current operations is calculated using a specified spending rate and is classified as operating income in the statements of activities.

[6] Property and equipment:

Land, building, building improvements, and furniture and equipment are recorded at their original costs, as described in Note D, less accumulated depreciation. The Association capitalizes assets over \$5,000. The costs of minor repairs and maintenance are expensed as incurred. Depreciation is provided over the estimated useful lives of the respective assets, using the straight-line method. The Association's building (the "House") and related improvements made prior to April 30, 1984 (totaling approximately \$1,000,000) are being depreciated through 2030. Building improvements made subsequent to April 30, 1984, and the second-floor condominium (the "Bar Building"), are being depreciated over an estimated useful life of either 30 or 45 years. Furniture and equipment are being depreciated over either five or seven years. Land is not depreciated.

Management evaluates the recoverability of the investment in long-lived assets on an ongoing basis and recognizes any impairment in the year of determination. There were no triggering events during 2022 or 2021 requiring management to test for impairment that would require any adjustments to property and equipment. However, it is reasonably possible that relevant conditions could change in the near term and necessitate a change in management's estimate of the recoverability of these assets.

[7] Library books and works of art:

The Association's library books, and collections of fine and decorative arts (the "collection") have been acquired through purchases and contributions since the Association's inception over 150 years ago. The Association's collection is held primarily for research and educational purposes. The Association stores the library books and collections in a restricted area of the library that has a fire control system to protect the collection. Proceeds from the sale of library materials would be used to support the direct care of existing collections, or to purchase additional library materials.

THE ASSOCIATION OF THE BAR OF THE CITY OF NEW YORK

Notes to Financial Statements April 30, 2022 and 2021

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[7] Library books and works of art: (continued)

A portion of the library is composed of irreplaceable research materials and rare and antique books. In accordance with U.S. GAAP for this type of asset, the collection has not been reported as an asset in the Association's statements of financial position. Purchases of collection items were recorded as decreases in net assets without donor restrictions for the year in which the items were acquired or as decreases of net assets with donor restrictions if the assets used to purchase the items have been restricted by donors.

The Association purchases common publications and journals and their respective updates. Expenditures made for these items are not considered to be part of the collection. Such items have limited future lives, and expenditures are included as operating expenses in the year acquired. The amounts expended for common publications, journals and updates were \$227,756 and \$246,473 for fiscal-years 2022 and 2021, respectively.

[8] Accrued vacation:

Employees accrue vacation on a calendar-year basis. Accrued vacation is included as a liability in the financial statements and represents the potential liability for unused employee vacation time payable in the event of employee departures. At April 30, 2022 and 2021, the accrued vacation obligation was \$126,752 and \$133,492, respectively, and is included as part of the accounts payable and accrued expenses in the accompanying statements of financial position.

[9] Paycheck Protection Program loan payable:

On March 27, 2020, Congress enacted the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The Paycheck Protection Program ("PPP") established by the CARES Act, implemented by the U.S. Small Business Administration ("SBA"), provided businesses, including certain not-for-profit organizations, with funds to pay payroll and other costs during the coronavirus ("COVID-19") outbreak.

There are two acceptable methods for accounting for the PPP funds received under the CARES Act. Entities can elect to treat the funds as a loan or as a conditional contribution. The Association has elected to record the PPP funds as a loan under the Financial Accounting Standards Board's (the "FASB") Accounting Standards Codification ("ASC") 470, *Debt*. During fiscal-year 2021, the Association applied for and received a PPP loan in the amount of \$1,564,305 in February 2021. In September 2021, the Association applied for and received full forgiveness of the loan from the bank and SBA.

[10] Net assets:

The net assets of the Association and changes therein are classified and reported as follows:

(i) *Net assets without donor restrictions:*

Net assets without donor restrictions represent those resources that are not subject to donor restrictions and are available for current operations as follows:

- a. Undesignated net assets available for general operations;
- b. Use towards committee funds; in which, many of the Association's 150 committees raise funds to cover meetings and other costs associated with offering educational and other support services in a variety of legal practice areas to the Association's membership, the public, and the legal profession; and
- c. Investment in land, property and the library, net of investment portfolio funds used to purchase the Bar Building.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[10] Net assets: (continued)

(ii) *Net assets with donor restrictions:*

Net assets with donor restrictions represent those resources that are subject to donor-imposed restrictions, such as specific purposes and/or a specific period of time. Also included within net assets with donor restrictions are donor restrictions that are perpetual in nature and subject to the requirements of the New York Prudent Management of Institutional Funds Act ("NYPMIFA"). These donors have stipulated that those resources be maintained in perpetuity with the resultant income and net capital appreciation arising from the underlying assets to be used in satisfaction of the wishes of those donors. When a donor restriction expires, that is, when a stipulated time restriction ends, or when a purpose restriction is accomplished, or funds are appropriated through an action of the Board of Directors, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statements of activities as "net assets released from restrictions." It is the policy of the Association that donations, the restrictions of which are satisfied in the year of donation, appear in the category of net assets without donor restrictions.

[11] Revenue recognition:

(i) *Dues and admission fees:*

The Association receives dues from its members related to the membership period which is six months for residents (within NYC) and suburban (within 50 miles of NYC) members, and one year for non-resident (more than 50 miles from NYC, but within the US) and international members. The benefits of this membership include access to the Career Center and member-only online directory, access to research tools and continuing legal education, and networking opportunities through committee service and more.

Dues and admission fees are recorded as revenues in the year that the services are provided. Dues received for a future fiscal-year's membership is deferred until that fiscal year. Members who join mid-year are charged a pro-rated amount for membership, commensurate with the number of months they are receiving benefits. Admission fees are recorded as income upon the applicant's election to membership, which is the only performance obligation related to the fee and the fee is non-refundable. The revenue in the statements of activities is presented net of discounts which totaled \$222,817 and \$282,714 for fiscal years 2022 and 2021, respectively. Refunds related to dues were \$24,759 and \$52,892 as of April 30, 2022 and 2021, respectively.

(ii) *Continuing legal education:*

The Association offers both in-person and online classes for the benefit of its members, called "CLE". There are four basic types of CLE revenue: (i) CLE Passports; (ii) CLE Sponsorships; (iii) CLE Registrations; and (iv) CLE Royalties.

CLE Passports are priced based on the size of the firm (the number of attorneys that will have access to the CLE courses) and the contract period is one year. Revenue is amortized over the term of the contract.

CLE Sponsorships are priced based on the type of program/event being sponsored, and the level of sponsorship. The term of the CLE Sponsorship contracts is limited to the lead-up to and the date(s) of the event, generally less than one year.

Notes to Financial Statements April 30, 2022 and 2021

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[11] Revenue recognition: (continued)

(ii) *Continuing legal education: (continued)*

CLE Registrations are priced based on the length of the program/event, the number of CLE credits offered, and the member type/practice area of the attorney registering. The term of the agreement for CLE registrations is limited to the date(s) of the event.

CLE Royalties are based on an agreement with a third party that hosts the Association's webinars on their website, and the Association receives a percentage of registration fees for these programs. The Association receives these payments on a quarterly basis.

During fiscal-years 2022 and 2021, unlimited access to all classes of four hours or less was offered to all members on a flat annual rate. Refunds related to CLE and related programs were \$12,086 and \$21,014 as of April 30, 2022 and 2021, respectively. Discounts related to these programs was de minimis in both years.

(iii) *Legal Referral Service:*

Legal Referral Service ("LRS") revenue comes from three sources: (i) LRS Annual Listing Fees, which are the fees to participate on panel based on the number of panels for which the attorney is qualified and wants to participate in; (ii) LRS Consultation Fees which are flat fees paid by clients to the participating attorneys or LRS panel members, who in turn forward such fees to the LRS for each referral that resulted in a consultation; and (iii) LRS Retainer Fees, which are a percentage of attorneys' fees over \$600 received by panel members on matters referred by LRS. The term of the contract for panel members is one year.

The services provided by LRS staff are to review the application of attorneys who wish to join the service; interview applicants with other experienced panel members and/or LRS Committee members; place the attorney in rotation to receive referrals on panels for which they are approved; and refer members of the public to panel members based on the area of law and issues presented.

LRS Annual Fees are amortized and recognized over the term of the agreement (typically one year), whereas LRS Consultation Fees are collected after the consultation has taken place and the performance obligation has been satisfied, thus revenue from consultation fees is recognized at the time of payment. In May 2020, the LRS Committee eliminated all consultation fees until further notice in response to the COVID-19 pandemic. LRS Retainer Fees are collected after the attorney has collected their legal fees following the settlement of the case, therefore all performance obligations have been satisfied at the time of payment, and thus revenue is recognized at the time of payment. Discounts and refunds related to these programs were de minimis in both years.

(iv) *Catering:*

Catering services are provided by the Association for internal departments, outside organizations, and Association committees. The term of the catering contract is limited to the date(s) of the event(s). Catering revenue is recognized upon the provision of services which is the date(s) of the scheduled event(s). Amounts received in advanced are deferred until the event takes place. Refunds related to catering were \$2,657 and \$17,918 as of April 30, 2022 and 2021, respectively.

Notes to Financial Statements April 30, 2022 and 2021

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[11] Revenue recognition: (continued)

(v) *Donated services:*

Contributions of services are recognized by the Association as both revenues and expenses if the services: (i) create or enhance assets; and (ii) require specialized skills and are provided by individuals possessing those skills; and (iii) would typically need to be purchased if not provided by donation. At April 30, 2022 and 2021, the value of contributed legal services recognized in the statements of activities was \$435,530 and \$323,471, respectively.

The Association has approximately 150 committees that provide educational and other support services to the Association's membership, the legal profession, and the public at large. These volunteer services do not satisfy the criteria under generally accepted accounting principles for valuation and recognition in the financial statements.

(vi) *Contributions:*

Contributions are recorded as revenue upon the receipt of cash, other assets, or unconditional pledges. Contributions are reported as "with donor restrictions" if they are received with donor stipulations or time considerations as to their use.

(vii) *Rental income:*

Rental income is recognized based upon services rendered in accordance with contractual provisions. Rental income relating to the current year is recognized as revenue in the current year.

[12] Functional allocation of expenses:

The Association's financial statements report certain categories of expenses that are attributable to program and supporting services of the Association. These costs have been summarized by their functional and natural classifications in the statements of functional expenses. Accordingly, certain costs that are directly attributable to a specific functional area of the Association are reported as an expense to the appropriate program or supporting service. Natural expenses attributable to more than one functional expense category have been allocated among the programs and supporting services based on the time spent by employees and the nature of the expense.

[13] Measure of operations:

The Association includes in its definition of operations all revenues and expenses that are an integral part of its programs and supporting activities. Revenues from activities outside of the normal course of operations, such as investments income net of amounts designated for current operations, are considered non-operating. Non-cash expenses such as depreciation (portion deemed non-operating), and the change in pension liability due to the annual actuarial valuation are also considered non-operating.

THE ASSOCIATION OF THE BAR OF THE CITY OF NEW YORK

Notes to Financial Statements April 30, 2022 and 2021

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[14] Income tax uncertainties:

The Association is subject to the provisions of the FASB's ASC Topic 740, *Income Taxes*, relating to accounting and reporting for uncertainty in income taxes. For the Association, these provisions could be applicable to the incurrence of unrelated business taxable income ("UBTI") attributable to certain of its space-rental activities and particular publications, as well as an income tax related to certain activities of its judiciary committee. The Association has always recorded the annual liability related to the income tax on the activities of the judiciary committee and there was UBIT tax expense reported of \$2,750 in the accompanying statements of activities during both fiscal-years 2022 and 2021. Accordingly, due to the Association's general tax-exempt status, management believes ASC Topic 740 has not had, and is not anticipated to have, a material impact on the Association's financial statements.

[15] Upcoming accounting pronouncements:

(i) *Accounting Updates to Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets:*

In September 2020, the FASB issued Accounting Standards Update ("ASU") 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets* intended to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts in-kind, for not-for-profit organizations. The ASU requires a not-for-profit organization to present contributed nonfinancial assets as a separate line item in the statements of activities, apart from contributions of cash or other financial assets. For each category of contributed nonfinancial assets recognized, not-for-profit organization will need to disclose: (i) qualitative information about whether the contributed nonfinancial assets were either monetized or utilized during the reporting period. If utilized, a description of the programs or other activities in which those assets were used; (ii) the not-for-profit's policy (if any) about monetizing rather than utilizing contributed nonfinancial assets; (iii) a description of any donor-imposed restrictions associated with the contributed nonfinancial assets; (iv) the valuation techniques and inputs used to arrive at a fair value measure, in accordance with the requirements in *Topic 820, Fair Value Measurement*, at initial recognition; and (v) the principal market (or most advantageous market) used to arrive at a fair value measure, if it is a market in which the recipient entity is prohibited by a donor imposed restriction from selling or using the contributed nonfinancial assets. The amendments in this ASU will be applied on a retrospective basis and are effective for annual reporting periods beginning after June 15, 2021. The Association is currently evaluating the effect that this new guidance will have on the financial statements and related disclosures.

(ii) *Leases:*

In February 2016, the FASB issued its new lease accounting guidance in ASU 2016-02, *Leases*. ASU 2016-02 will require lessees to recognize for all leases (with terms of more than 12 months) at the commencement date, the following: a) a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis, and b) a right-of-use-asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. The new lease guidance also simplified the accounting for sale and leaseback transactions primarily because lessees must recognize lease assets and lease liabilities. Lessees will no longer be provided with a source of off-balance sheet financing. The standard is effective for the Association for the fiscal year beginning after December 15, 2021. Upon the adoption of the guidance, operating leases are capitalized on the statements of financial position at the present value of lease payments, using the applicable incremental borrowing rate, or risk-free rate, at the date of adoption. The impact on the Association's financial statements is currently being evaluated. Information about the Association's leases and the timing of those payments is provided in Note J.

[16] Subsequent events:

The Association evaluated subsequent events through August 30, 2022, the date on which the financial statements were available to be issued.

NOTE B - ACCOUNTS RECEIVABLE

Accounts receivable are presented in the statements of financial position, net of an allowance for doubtful accounts of \$745,343 and \$891,842 at April 30, 2022 and 2021, respectively. All receivables are due within a year.

NOTE C - INVESTMENTS

At each fiscal year-end, the Association's investments consisted of the following:

	<u>April 30,</u>	
	<u>2022</u>	<u>2021</u>
Money-market funds	\$ 67,938	\$ 50,306
Corporate stocks	298,272	361,201

- a) Invests at least 80% of its net assets, plus any borrowings for investment purposes, in securities of medium-sized companies in a diversified portfolio of structured credit products in the United States and European credit markets.
- b) Investment objective is to achieve favorable income-oriented returns from a globally diversified portfolio of primarily debt or debt-like securities.

The Association utilizes a "total-return policy" on its investment portfolio, whereby an annual specified spending rate is established to determine the amount of investment earnings to be used for current operations. A spending rate of 4.75% was used for both fiscal-years 2022 and 2021. The Association's investment earnings appropriated for current operations are composed of income from the externally managed investment portfolio, pursuant to the spending rate, plus investment income earned on other short-term investments managed internally.

During fiscal-year 2006, investments with a fair value of approximately \$4,300,000 were liquidated to purchase the second-floor condominium in the Bar building. Subsequently, income from the operations of the Association is to be used to reimburse the investment portfolio for this expenditure, with interest and principal to be amortized over 30 years.

NOTE C - INVESTMENTS (CONTINUED)

ASC Topic 820, *Fair Value Measurements*, establishes a three-level valuation hierarchy for fair-value measurements. These valuation techniques are based upon observable and unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions. These two types of inputs create the following fair-value hierarchy:

Level 1: Valuations are based on observable inputs that reflect quoted market prices in active markets for identical investments, at the reporting date.

Level 2: Valuations are based on: (i) quoted prices for similar investments in active markets; or (ii) quoted prices for identical investments, or similar investments, in markets that are not active; or (iii) pricing inputs other than quoted prices that are directly or indirectly observable at the reporting date. The Association had no Level 2 investments in fiscal-years 2022 or 2021.

Level 3: Valuations are based on pricing inputs that are unobservable and include situations where there is little, if any, market activity for the investments, or the investments cannot be independently valued. The Association had no Level 3 investments in fiscal-year 2022 or 2021.

The Association has investments that are valued using the net asset value NAV per share (or its equivalent unit) as a practical expedient of fair value. This applies to investments which (i) do not have a readily determinable fair value and (ii) whose financial statements were prepared by the respective investment manager consistent with the measurement principles of an investment company or have the attributes of an investment company. Investments that are valued using NAV per share (or its equivalent unit) are not required to be categorized within the fair value hierarchy, and accordingly, have been excluded from the fair-value hierarchy.

The availability of market data is monitored to assess the appropriate classification of financial instruments within the fair-value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The following tables summarize the fair values of the Association's assets at each year-end, in accordance with ASC Topic 820 valuation levels:

	<u>April 30, 2022</u>		
	<u>Amounts within Fair-Value Hierarchy</u>		
	<u>Level 1</u>	<u>Valued at NAV</u>	<u>Total Investments</u>

Benefits paid	500,062	487,057

The plan's investments will be made for the purpose of providing retirement reserves for the present and future benefit of participants of the plan. The assets will be invested with the care, skill and diligence that a prudent person acting in this capacity would exercise to comply with all objectives outlined herein, the Investment Advisors Act of 1940, the Employee Retirement Income Security Act of 1974, and all other governing statutes.

The primary objective for the trustees will be to provide a balance among capital appreciation, preservation of capital, and the production of current income. The objectives of the plan will be pursued as a long-term goal designed to meet the benchmark objective for the plan, without incurring undue risk.

The plan's trustees recognize that risk (i.e. the uncertainty of future events), volatility (i.e. the potential for variability of asset values) and the possibility of loss in purchasing power (due to inflation) are present to some degree in all types of investment vehicles. While high levels of risk are to be avoided, the assumption of risk is warranted in order to allow the investment manager the opportunity to achieve satisfactory long-term results consistent with the objectives of the plan.

[1] Defined-benefit pension plan: (continued)

The expected long-term rate of return on plan assets assumptions was based on gross expected rates of return, less anticipated investment expenses. The rate selected was consistent with historical returns and target percentages for equity and debt securities within the following framework:

	<u>Target Allocation</u>
Equity securities	59%
Cash	1%
Debt securities	<u>40%</u>
	<u>100%</u>

At each fiscal year-end, the percentage of the fair value of the total plan assets held were as follows:

	<u>April 30,</u>	
	<u>2022</u>	<u>2021</u>
Equity securities	71%	71%
Cash	1%	1%
Debt securities	<u>28%</u>	<u>28%</u>
	<u>100%</u>	<u>100%</u>

At each fiscal-year end, the plan's investments were all classified as Level 3.

The Association does not expect to contribute to the plan during fiscal-year 2022. The following table illustrates the expected benefit payments over future fiscal years.

<u>Year Ending April 30,</u>	<u>Amount</u>
2023	\$ 564,955
2024	575,466
2025	572,739
2026	560,409
2027	548,906
2028 – 2032	2,543,138

[2] 401(k) plan:

In July 2004, the Association established a multi-employer Section 401(k) plan, under which employees of the Association and City Bar Fund participate and make contributions up to the maximum allowable by law. All employees with eligibility, which is defined as those who have completed one year of service and have attained the age of 21, are entitled to receive up to a 3% matching contribution. In April 2020, the Association suspended its 3% matching contribution due to the COVID-19 pandemic. However, in January 2021, the match was reinstated. Accordingly, the 3% match contributed by the Association in fiscal-years 2022 and 2021 was \$150,030 and \$47,693, respectively.

NOTE G - LINE-OF-CREDIT

The Association maintains a revolving credit line held with the BNY Mellon, N.A. ("Mellon") in the amount of \$4,500,000. Interest is calculated at a rate of 2% above London Interbank Offered Rate ("LIBOR"), which equated to 4.37% and 2.12% at April 30, 2022 and 2021, respectively. The Association did not draw down on the line-of-credit in fiscal-year 2022 or 2021. During fiscal-year 2021, the Association had fully repaid the line-of-credit. The Association incurred interest expense of approximately \$26,000 in fiscal-year 2021. Any borrowings under the line-of-credit are collateralized by the general assets of the Association.

NOTE H - LOANS PAYABLE

[1] Paycheck Protection Program loan payable:

During fiscal-year 2021, the Association applied for and received \$1,564,305 in funds from the PPP that had been included in loans payable on the statement of financial position as of April 30, 2021. During fiscal-year 2022, the Association applied for forgiveness of the loan and was notified in September 2021 that it received full forgiveness from the SBA on its PPP loan. Accordingly, the forgiven amount is reflected as a gain on loan forgiveness on the statement of activities for the year ended April 30, 2022.

[2] EIDL loan payable:

The Association applied for and received \$150,000 from the SBA for an Economic Injury Disaster Loan ("EIDL") on June 17, 2020. The loan bears interest at a rate of 2.75% per annum and is secured by the assets of the Association. The proceeds of the loan are to be used as working capital to alleviate economic injury caused by the pandemic. Installment payments, including principal and interest, of \$641 are due monthly beginning one year from the date of the promissory note and are payable over 30 years from the date of the promissory note. Additionally, the EIDL advanced the Association \$10,000 of emergency economic relief that does not need to be repaid and has been reported as government grant income in the accompanying statement of activities for fiscal-year 2021.

The required future minimum payments on the loan payable subsequent to April 30, 2022 are as follows:

Year Ending April 30,	Principal	Interest	Total
2023	\$ 3,605	\$ 4,087	\$ 7,692
2024	3,705	3,987	7,692
2025	3,808	3,884	7,692

Total	<u>\$ 146,330</u>	<u>\$ 69,587</u>	<u>\$ 215,917</u>

NOTE I - RELATED-PARTY TRANSACTIONS

[1] Operating expenses and reimbursements:

Certain operating expenses are paid by the Association on behalf of the City Bar Fund. Certain of these inter-entity transactions are reimbursed by the City Bar Fund to the Association. Such reimbursements totaled \$1,118,016 and \$1,129,850 in fiscal years 2022 and 2021, respectively.

NOTE I - RELATED-PARTY TRANSACTIONS (CONTINUED)

[2] Lease agreement:

The Association collects rent from the City Bar Fund for its usage of space within the Association's building based on an office lease agreement, renewable annually. Rental income for fiscal-years 2022 and 2021 was \$878,255 and \$650,085, respectively.

[3] Contributions:

During fiscal-years 2022 and 2021, the City Bar Fund contributed \$305,494 and \$102,345, respectively, to the Association.

[4] Loan and other payables:

In July 2020, the City Bar Fund loaned \$2,000,000 to the Association to assist in funding business-related expenses affected by the COVID-19 outbreak. In lieu of paying interest on the loan, the Association will provide administrative and financial management services to the City Bar Fund during the term of the loan at an amount valued at the equivalent of a 4.1% annual interest rate. During fiscal-years 2022 and 2021, the Association incurred interest expense of \$82,031 and is included within other income on the statement of activities. Principal is payable in twenty-four equal monthly installments beginning in July 2021 through July 2023. There is no collateral for this loan. The required future minimum payments on the loan payable subsequent to April 30, 2022 are as follows:

<u>Year Ending April 30,</u>	<u>Total</u>
2023	\$ 1,000,000
2024	<u>166,670</u>
	<u>\$ 1,166,670</u>

In addition, as of April 30, 2022 and 2021, the Association owed the City Bar Fund \$32,275 and \$88,569, respectively, mainly related to contributions sent to the Association on behalf of the City Bar Fund. These amounts were repaid in full subsequent to year end.

NOTE J - COMMITMENTS AND CONTINGENCIES

[1] Operating leases:

The Association leases certain equipment under various lease agreements which expire through March 2024. The future minimum annual rentals under the leases described above are as follows:

<u>Year Ending April 30,</u>	<u>Amount</u>
2023	\$ 55,084
2024	<u>\$ 46,576</u>
	<u>\$ 101,660</u>

NOTE J - COMMITMENTS AND CONTINGENCIES (CONTINUED)

[2] Union contracts:

Certain employees of the Association are members of local unions. During fiscal-year 2022, the Association had two union contracts in effect, which expire on December 31, 2022 and 2023, respectively.

[3] Contingencies:

The Association may occasionally be a defendant with respect to various claims involving issues arising in the normal course of its business. In the opinion of management and its legal counsel, the resolution of these complaints will not have a material impact on the financial position or results of operations of the Association.

NOTE K - CONCENTRATION OF CREDIT RISK

The Association maintains its cash and cash equivalents in high-credit-quality financial institutions in amounts which, at times, may exceed federally insured limits. The Association has not experienced any losses in such accounts, and management believes that the Association is not exposed to any significant risk of loss due to the failure of the financial institutions.

NOTE L - COVID-19

The extent of the impact of the COVID-19 outbreak on the operational and financial performance of the Association's services were dependent on the continued future developments, including the duration and spread of the outbreak, related travel advisories and restrictions, and the impact of COVID-19 on overall demand for the Association's programs and services, some of which were highly uncertain and could not be predicted. During fiscal year 2020, in response to the shelter-in-place State mandated order in New York due to COVID-19 in March 2020, the Association had closed its office, maintaining very limited access to ensure the continuation of critical operations. During fiscal-year 2021, the office of the Association had partially reopened for appointments on a limited basis. In September 2021, the Association was fully reopened, with services provided using a hybrid in-person and remote model. The Association continues to monitor the situation and follow guidance from federal, state and local public health authorities.

NOTE M - ACCOUNTING AND REPORTING FOR ENDOWMENT

[1] The endowment:

The Association's endowment consists of 29 individual funds established for a variety of purposes, including support of operations, purchases of library books and legal aid and committee grievances.

[2] Interpretation of relevant law:

The Association's endowment funds are subject to NYPMIFA. The Board of Directors will continue to adhere to NYPMIFA's requirements.

April 30, 2022 and 2021**

NOTE M - ACCOUNTING AND REPORTING FOR ENDOWMENT (CONTINUED)

[3] Return objectives and risk parameters:

The Board of Directors of the Association has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Association must hold in perpetuity. Under this policy, as approved by the Board of Directors, the endowment assets are invested with the long-term objective of earning a net return of at least the Consumer Price Index (the "CPI"). Actual returns in any given year may vary from this amount.

[4] Strategies employed for achieving objectives:

To satisfy its long-term rate-of-return objectives, the Association relies on a total-return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Association targets a diversified asset allocation that places a greater emphasis on equity-based investments, in order to achieve its long-term return objectives within prudent risk constraints.

[5] Spending policy and related objectives:

For both fiscal-years 2022 and 2021, the Board of Directors of the Association approved a policy of appropriating for distribution, and did appropriate, 4.75% of its endowment fund's average fair value over the prior 12 quarters, through the calendar year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the Board of Directors considered the long-term expected return on its endowment. Accordingly, over the long term, the Board of Directors expects the current spending policy to allow its endowment to grow at an annual average of the CPI, plus the spending rate. This is consistent with the Association's objective of maintaining the purchasing power of the endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment returns.

[6] Policy on underwater funds spending:

It is the policy of the Board of Directors of the Association not to spend from underwater endowment funds, unless otherwise stipulated by donor intent or unless affirmatively approved by the Board of Directors.

[9] Funds with deficiencies:

Due to unfavorable market fluctuations, from time-to-time, the fair value of assets associated with individual donor-restricted endowment funds may decline below the historical dollar value of the donor's original restricted contribution, or the amount required to be maintained under state law, referred to as underwater endowment. Under the terms of NYPMIFA, the Association has no responsibility to restore such decreases in value. At April 30, 2022 and 2021, there were no deficiencies of this nature.

Total financial assets available to meet cash needs for general expenditures within one year	<u>\$ 10,875,626</u>	<u>\$ 12,859,330</u>

Liquidity policy:

The Association maintains a sufficient level of operating cash and investments to be available as its general expenditures, liabilities, and other obligations come due as part of the Association's liquidity management. Additionally, the Association has appreciated earnings on endowment funds whereby amounts could be made available for current operations, if necessary; however, the Association does not intend to spend these funds for purposes other than those approved by the donors. Further, the Association has the ability to access additional resources associated with a line-of-credit it maintains with a bank.
